RODRIGO ZADRO

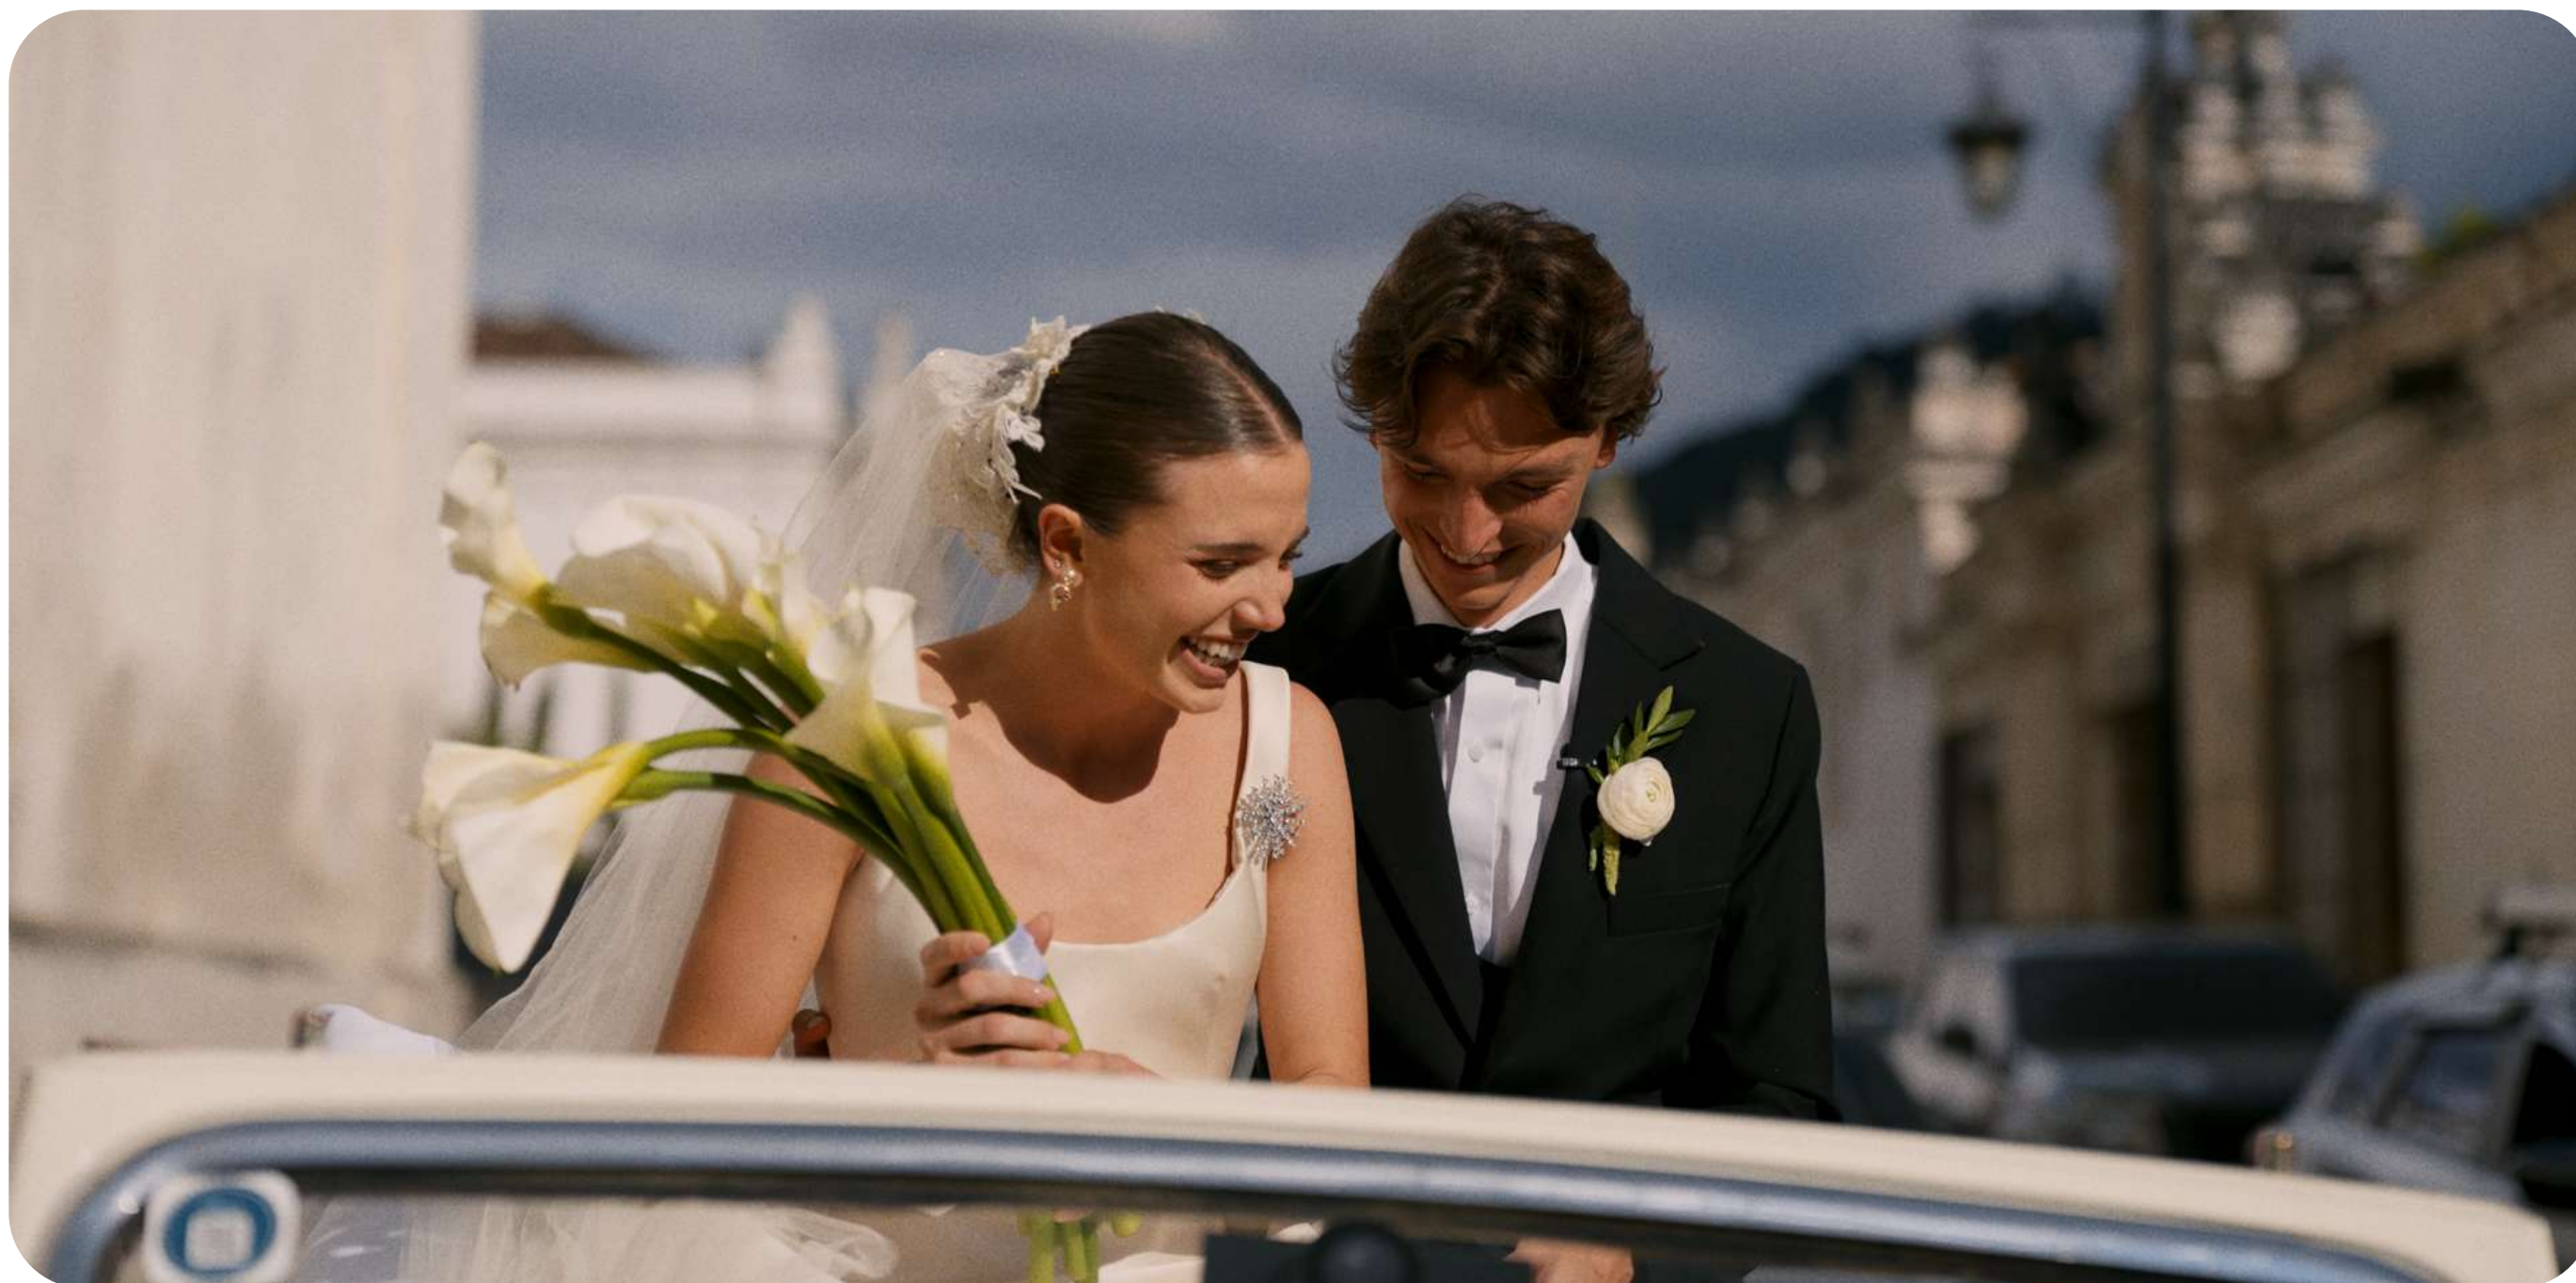

Originally from Buenos Aires, Argentina, I've dedicated over 14 years to creating cinematic wedding films that capture raw emotion, authentic moments, and timeless love stories.

With a deep passion for storytelling and human connections, I intentionally limit the number of weddings I film each year. This allows me to pour my full creativity and care into every project, ensuring your film feels uniquely yours.

Every detail is personally edited by me — crafting a heartfelt, artistic narrative that doesn't just document your day, but lets you relive the laughter, tears, and joy forever.

Ready to turn your love story into a film you'll treasure for generations?
Let's chat about my tailored collections.

faq

HOW TO BOOK?

Before booking, we'll have a quick Zoom call to get to know each other, talk about your wedding, your plans, and the kind of film you're envisioning. It's also a chance for both of us to see if we're a good fit. I believe that feeling comfortable with the person documenting such an important day matters just as much as the work itself. Once you're ready to move forward, a signed contract and a **50% retainer** are required to reserve your wedding date on my calendar. Your date and pricing are officially locked in once both the signed contract and retainer have been received.

HOW LONG DO YOU TAKE TO DELIVER THE FILMS?

The post-production process typically takes **18–23 weeks**. Each film is carefully edited, crafted, and refined with the attention it deserves. I take the time to make thoughtful creative decisions throughout the process, so the final film feels intentional, timeless, and true to your day. My goal is not just to deliver your film, but to create something you'll want to come back to for years to come.

HOW MANY FILMMAKERS ARE THERE ? ARE YOU PRESENT ON THE WEDDING DAY?

I personally attend and film every wedding. I always work with a second filmmaker or assistant, which allows me to stay focused on the moments that matter while having an extra set of eyes to capture the day from a different perspective.

DO WE CHOOSE THE MUSIC FOR OUR FILM?

Music plays a huge role in the storytelling and emotional tone of your film, so it's something I put a lot of thought into as part of my creative process. That said, I'm always open to hearing your preferences or suggestions, whether it's a certain style, artist, or mood you love. I want the film to feel like you, so feel free to share anything that inspires you.

DO YOU OFFER CUSTOM PACKAGES?

Absolutely. If you're planning a multi-day celebration, **a Hindu wedding, or a wedding with multiple ceremonies and events**, I'm happy to create a custom package around what you actually need. Tell me a little about your plans, the events you'd like covered, and what you envision for your films, and we can build something that feels right for your celebration.
